LET THIS BE YOUR GUIDE

Important

THE Business and Professional men, whose names appear herein, have gone to considerable expense in publishing this booklet, so that they can place before you a convenient and reliable Directory for your requirements and professional appointments.

We would suggest that you keep this Booklet in a convenient place, as we know you will have occasion to refer to it many times each day during the year.

You will find it will save considerable time and inconvenience, everything you are liable to need being alphabetically arranged. Any business extended by telephone or through the mail will be greatly appreciated and will receive prompt and personal attention.

FINANCIAL SUCCESS

is a very Simple Thing.

SUCCESS, to a few, means nothing less than millions, and yachts, and palaces.

But there is another and more genuine kind of success. The means to give your children a proper education and a decent start in life. Security enough to make you more a master than a pawn of the future. Money enough to buy the things you can reasonably hope to have and thus find happiness.

Give the average unselfish person these things and he will say "I have wealth enough for any man. I have made a success of my life."

This kind of wealth, this kind of success, is a very simple thing.

It lies within the reach of any man of every man who has ten or fifteen years of earning power left. Even the man of modest earning power. An Investors Syndicate representative can prove this to you.

There is no magic about it—except the magic wrought by time and compound interest. The formula is simple. You merely set aside small sums, perhaps as little as 35 cents a day, and you do this regularly, persistently. An Investors Syndicate representative can tell you all about it.

He can show you how thousands of people have acquired \$5,000, \$10,000, \$25,000 or more through the Living Protection plan, most of whom admit they would have acquired nothing otherwise.

Who is back of this plan? It is sponsored by an institution which has enjoyed the endorsement of authorities in sound finance for nearly half a century. An institution which during every year of its entire life has met every obligation on time, when due.

Chiropractic Adjustments RESTORE HEALTH

Scientific H.I.O. Chiropractic

Scientific H.I.O. Chiropractic as discovered and developed only by the Palmer School of Chiropractic is the greatest forward step in HEALTH MATTERS that the world has ever known, or perhaps ever will know, and this new H.I.O. PALMER SYSTEM is today attracting the interest of all keen thinking people everywhere because it is the BIGGEST PROGRESSIVE STEP in the ELIMINATION of the CAUSE of SICKNESS and SUFFERING.

Sick People! Investigate

The Latest PALMER H.I.O. System of CHIROPRACTIC
as Practiced in Our Office

Chiropractic contends that the cause of all diseases is a vertebral subluxation which causes pressure on nerves, which causes an interference with the normal transmission of vital nerve energy to the different tissue cells of the body. The adjustment specific removes the cause of disease and natural consequence is health.
